# capacITy: IT support when you need it

**Experience:** With over 20 years experience, we know more than most about how IT is key to the efficient running of any organisation.

**Dedicated phone, remote and site support:** We can often diagnose and fix problems in minutes – getting you back working without even visiting your office.

**An IT Manager at your service:** Wouldn't it be great to have dedicated IT staff, fixing problems, protecting you from viruses, recovering lost data, implementing back-up strategies and making sure you're online and networked.

**Work smarter:** Make the most of your IT – we offer training, advice and consultancy.
